Troops Kill Terrorists At Borno Border

BY FRANCIS OKOYE,
MAIDUGURI

Troops of the Joint Task Force (North East), Operation Hadin Kai (OPHK), under Operation Desert Sanity and Siege Operations successfully thwarted an attack by suspected ISWAP/Boko Haram terrorists on troops' location in Kirawa axis on Friday.

The media information officer OPHK, Lt Col Sani Uba in a statement yesterday said a number of the terrorists attempted to infiltrate positions held by troops of 153 Task Force Battalion and associated forces along the Nigeria-Cameroon border.

He said the attack was swiftly detected and met with overwhelming firepower from alert troops and the Civilian Joint Task Force who held their ground and contained the assault.

Uba added that the terrorists were forced to abort their mission and withdraw in confusion towards the Cameroon axis, sustaining heavy casualties during the engagement.
