Lifeless body of 26-year-old lady found at entrance of boyfriend's room in Ibadan

By Soji Ajibola

~~THE lifeless body of a 26-year-old lady, identified as Precious Mogaji, has been discovered at the entrance of her boy's friend room in Ojoo, Akinyele Local Government Area of Oyo State.~~

~~Mogaji was alleged to have been murdered by her boyfriend, who is now on the run.~~

The state Police Public Relations Officer (PPRO), Ayanlade Olayinka, in a statement, confirmed the killing, as well as provided the name of the suspect as Quadri (surname withheld).

He said the state police command had commenced investigation into the murder.

He said the incident was brought to the attention of the police by a good Samaritan who reported that the victim was found lying lifeless at the entrance of the room of her boyfriend.

The statement read: "The Oyo State police command has commenced investigation into the alleged murder of one Precious Mogaji (26).

"Preliminary investigation in this regard reveals that at about 12:05am, the incident was brought to the attention of the police by a good Samaritan who reported that the victim was found lying lifeless at the entrance of the room of her boyfriend.

"Contrary to the false narrative circulating in some section of the media alleging

that the incident occurred at Akobo and involved a husband attempting to place the corpse of his wife in the trunk of a car, preliminary findings indicate that the incident actually occurred at Oguntula area of Ojoo, and not Akobo as widely reported.

"Consequently, the command considers it necessary to clarify the circumstances surrounding the incident in order to set the record straight. Acting promptly on the information received, the Patrol Team and Incident Duty Officer of Ojoo Division were swiftly dispatched to the scene.

"Upon arrival, the lifeless body of the victim was discovered on the floor at the doorway of the suspect's

room. The body was forensically examined and findings duly documented in line with established investigative procedures and laid down rules.

"Following the preliminary examination, the scene was properly documented and photographs were taken. Thereafter, the corpse was evacuated by the police to a hospital, where it has been deposited at the morgue for autopsy to determine the exact cause of death.

"In the course of the investigation, it was discovered that the said boyfriend is currently at large. Investigation is ongoing, while concerted efforts are being intensified to apprehend the suspect."
