

In another update, the TRACE spokesperson stated that a lone accident that occurred at the Arigbabu area of Mosimi, Sagamu-Ikorodu Expressway, on Sunday morning, led to the death of one person, while two others sustained injuries.

According to him, the driver of an unregistered mini truck fell asleep while at the wheel and rammed into a culvert along the road.

The impact of the collision was said to have caused the death of the driver, whose body was taken away by his family.

He stated, “According to one of the occupants, the driver of the accidented vehicle fell asleep while driving and rammed into a culvert, which eventually led to his death.

“Three people were involved; two people were injured, while one person (the driver) died. The deceased was taken away by his family before our arrival. The other occupants of the vehicle were rescued by their families.

“TRACE operatives and FRSC managed the traffic situation that followed.”

Akinbiyi conveyed the Acting TRACE Corps Commander, Elias Omonayajo’s, condolences to the families of the deceased and urged drivers to always adopt safe driving practices.
