“Ongoing exploitation of the battlefield has led to the recovery of a significant cache of arms and ammunition, including 18 AK-47 rifles, three General Purpose Machine Guns (GPMG), two PKT automatic anti-aircraft guns, three RPG tubes, two mortar tubes, four hand grenades, 18 AK-47 magazines, and large quantities of belted 7.62mm ammunition for PKT systems.

“Troops recorded two personnel wounded in action, who have been stabilised, while one reinforcing armoured tank sustained damage, with all tyres blown out during the engagement.

“Exploitation operations are ongoing to recover additional bodies and equipment along the terrorists’ withdrawal routes, littered with blood trails and medical consumables.
