A community leader, Elder Joseph Anawa, confirmed the incident in Makurdi, stating that suspected Fulani marauders carried out the attack.

“Six people were reportedly killed, including Akor Gwakyaa, Msooter Gwakyaa, Aondoungwa Michael, Vershima Michael, Terna Michael, Msughter Terzungwe, and another whose name has not been identified,” he said.

He added that seven others sustained serious injuries and are receiving treatment at medical facilities in Anyiin town.

According to him, witnesses said the attackers arrived in large numbers on motorcycles and were heavily armed.

“It is alleged that the attackers are camped at Shaor, one of the deserted villages identified in previous intelligence reports as a base for marauders in Logo LG,” Anawa said.

He noted that residents of the affected and neighbouring communities have begun fleeing for fear of further attacks.

Anawa called on the government to intensify coordinated security operations, including joint inter-state efforts involving Benue, Nasarawa, and Taraba states, to curb cross-border attacks.

Chairman of Logo LG, Clement Kav, also confirmed the incident, saying that seven persons were killed and four injured.

“They come, attack, and retreat to where they came from. I have briefed the Commissioner of Police and the Adviser on Homeland Security,” he said.

However, the Benue State Police Public Relations Officer, DSP Udeme Edet, said she had yet to receive details of the incident.
