One person was reportedly killed, with several others injured, after a truck driver allegedly rammed into All Progressives Congress (APC) supporters during a campaign procession in Ede, Osun State.

The incident occurred yesterday in the Oke Gada area of Ede during a “Walk for Ambo Victory” organised by supporters of the APC candidate for the August 15 governorship poll Bola Oyebamiji.

Spokesman for the Bola Oyebamiji “Ambo for 2026” Governorship Campaign in Ila/Ifedayo/Boluwaduro Federal Constituency, Olufunsho Fagbohunbe, announced this on his Facebook page.

According to him, the driver claimed that the vehicle suffered a brake failure before crashing into the APC supporters participating in the campaign walk.
