

In Kebbi State, troops operating under Sector 2, acting on credible intelligence, ambushed members of the Lakurawa terrorist group near Augie Local Government Area, close to the Kebbi–Sokoto border. The operation was carried out at Kerani Village, a strategic corridor frequently exploited by criminal elements.

During the encounter, two terrorists were neutralised, while two motorcycles used for mobility and logistics were recovered. The motorcycles were reportedly fitted with accessories designed for long-distance movement, underscoring the group's intention to sustain cross-border criminal operations.

Security sources said the operation was conducted in collaboration with other security agencies and local vigilante groups, reflecting growing synergy between conventional forces and community-based security structures in the North West.
