### Mother, two children killed by fire

The police in Asaba, Delta State have confirmed that a woman and her two children were last Saturday in Kwale, Delta, burnt to death by fire, which razed their home.

The incident happened at about 1.15 am at No. 5 First Iyatu Street, Kwale, police spokesman in the state, Charles Muka, said.

He told the media that the husband of the woman and father of the kids escaped with severe burns. The fire razed the two-room apartment occupied by the victims in the building, which had other tenants but said that the cause of the incident had not been ascertained.

He said the fire was put out by the tenants and other neighbours, who also helped to prevent it from spreading to other apartments.
