

4 dead children recovered from collapsed bridge

Bodies of four children have been recovered from the debris of the Damboa bridge which collapsed during a recent heavy rain which flooded many parts of Damboa Local Government of Borno State, the caretaker Chairman of the local government, Mallam Adamu Hong has

said.

Mallam Hong lamented that “nobody is talking about the lives of the four children that were lost and the destruction of houses and farmlands across the council. Instead, Nigerians were only concerned with the bridge that collapsed”.
