four others injured at Unguwar Maje village of Faskari local government area.

This brings to 10 the number of people reportedly killed this month in farmers/fulani clashes that occurred in many parts of the state leaving scores of others critically injured and properties worth

millions of naira destroyed.

The first known causality was recorded in Bindawa local government, and a week after, three people were reportedly killed and another injured in Dan Musa local government area. This is besides other clashes that were recorded in Musawa, Matazu and many parts of the state.

The vice Chairman of Faskari local government, who was acting for the chairman Alhaji Ado Salihu Ruwan Godiya, confirmed the recent killings, saying some of the herdsmen have fled from the scene leaving their herds of cattle behind.

He said the local government has taken custody of the cattle and ordered for their detention at the local government motor park until they are claimed by the owners.
