TWO suspected armed robbers were yesterday killed along the Gombe-Yola road in an exchange of fire with the joint task force, Operation Mesa. Parading the corpses of the robbers, the Commander of the 301 Artillery Regiment of the Nigerian Army in Gombe, Colonel Abraham Luka Dusu, said Operation Mesa descended on the robbers upon a tip-off while operating between Lakweme and Pantami villages, a spot noted for several robberies. He added that this was the second successful attack on robbers by the task force within the last two months.
