The busy Zaria-Kaduna express road was yesterday blocked by two lorries that crashed, causing heavy traffic and resulting in the death of three persons. The actual cause of the accident, which occurred around 3am yesterday could not be ascertained as the drivers of the two lorries and other survivors had been evacuated when our correspondent arrived the scene.

However, the Birnin Yero Unit Commander of the Federal Road Safety Corps (FRSC) Mr Anzaku Joel told our correspondent that three persons died along with many sheep, goats and rams. People sighted at the scene assisting in the evacuation of remains of the two trailers told our correspondent that the driver of one of the trailers loaded with animals and heading to the Southern part of the country lost control of the vehicle and rammed into a bridge at the Jaji axis of the road.
