One dies in auto crash along Abuja-Lokoja road

Monday, 11 April 2011 01:20

Abubakar Sadiq Isah

ONE person died while five others sustained serious injuries on Saturday night in a multiple accident that occurred **along** Abuja-Lokoja road.

A witness said the multiple crashes happened at about 10:05 pm and involved two trucks, a Toyota Hiace bus with registration number PY 314 KJA and a J5 Peugeot bus with registration number XB 302 BBR.

According to the witness, a Daf truck loaded with cement developed brake failure and crashed into a J5 bus, as well as a commercial bus, killing the bus driver instantly.

Our reporter however gathered from motorists that the accident was allegedly caused by a road block mounted by soldiers as a result of Saturday's election.

Another witness said the Daf truck had brake failure after a bridge, while heading to Abaji town and it crashed into vehicles that were stopped at a military checkpoint.

"Federal Road Safety Commission (FRSC) officials rushed to the accident scene to evacuate the injured victims to the hospital," the witness said.

Commenting on the incident, Abaji FRSC unit Commander, Mr. Joseph Onyemauche Ezech, attributed the accident to brake failure on the part of the Daf truck, adding that the corpse is at the University of Abuja Teaching Hospital's morgue.

He said the injured victims are at Abaji General Hospital, while obstructions caused by the accident have been cleared.
