Four members of a notorious armed robbery gang in **Adamawa** State have been killed by men of the state’s **police** Special Anti-Robbery Squad. The **police**, who were assisted by the renowned crime fighter, Ali Kwara were engaged by the **robbers** along the Mayo-Belwa Zing road. The State’s Commissioner of **Police**, Alhaji Adelere Shinaba told newsmen yesterday that the **police** went to the road following a tip-off.

“On getting to the spot, the armed **robbers** opened fire on our men, who responded instantly, and in the process, four **robbers** were killed,” he said.

While commending Ali Kwara for his assistance and support in fighting crime across the country, Shinaba said the **police** have adopted new measures of checkmating criminals in the state. He urged people of the state to give useful information to the **police** to enable them to rid the state of criminals.
