

Soldier kills phone repairer in Maiduguri

From Yahaya Ibrahim, Maiduguri

THE leader of a GSM mechanic village in Maiduguri was yesterday shot dead by a soldier attached to the Joint Task Force (JTF).

It was gathered that the slain leader of the GSM market located in the heart of Maiduguri at the popular post office area had an argument with the soldier.

The incident happened around 4pm when business activities were still going on at the ever busy GSM village.

Angry traders at the market had wanted to lynch the soldier before he was rescued by his colleagues who took him away.
