By Abubakar Sadiq Isah

A three-year-old child Wednesday afternoon died in a ghastly motor accident that occurred near Government Secondary School (GSS), Yangoji, along Kwali-Lokoja road.

An eyewitness said the accident happened when a Peugeot station-wagon with registration number XF 603 MKA lost control while at top speed and crashed into a ditch, killing the child on the spot.

A witness said the car somersaulted thrice before it finally crashed, adding that officials of the Federal Road Safety Commission (FRSC) conveyed the corpse to a hospital.

Commenting on the incident, the Operational Head of Yangoji FRSC unit Command, Mr. Bikut Hyacinth, said eight persons were involved in the accident.

He attributed the accident to speed limit violation, saying the remains of the child is at the University of Abuja Teaching Hospital's morgue.
