A Police Inspector attached to Faskari Local Government Divisional Police Office, Inspector Muhammad Inuwa Batagarawa, has been killed by suspected armed robbers, Daily Trust learnt yesterday.

But when contacted, the Katsina State Police Public Relations Officer, ASP Abubakar Muhammad said investigation was ongoing.

Sources said the slain inspector was shot dead by the suspected armed robbers on the outskirts of Katsina town.

“Some organs of his body were cut off and also noticed some signs of cuts on his body including a stabbing on his stomach. He was buried without these parts because we have not seen them,” source told Daily Trust.

The source said Inuwa and other policemen were sent to the area by the DPO of Faskari Division after the police received complaints of incessant theft in a farm. The source claimed that police patrol vehicle was ambushed by the robbers and that it was also burnt.
