A man and woman in their 20s were yesterday found dead inside a Peugeot 406 car at Kundila quarters in Kano. Although the cause of their death is still unknown, the young man has been identified as Abubakar Abba by his brother, Ahmad Lawan Maduwa, who owns the car with registration number, AW 576 KMC, while the young lady was identified as Ummul Khair Muhammad.

The deceased's brother, Maduwa, who spoke to Daily Trust, said he gave his brother the car on Tuesday around 9pm and asked him to take it to the mechanic the following day. He added that he was woken up yesterday by a phone call from one of his friends, that he had spotted his car and that it was surrounded by soldiers and policemen. Maduwa said his late brother did not complain of any illness when they met on Tuesday. It was gathered that Abubakar was a student of Saadatu Rimi College of Education, Kano while the lady was until her death, living with her mother in Kano.

The police spokesman, Magaji Musa Majiya confirmed the incident, saying the two corpses had been identified, and that the address of the young woman bears Garki, Abuja. He said investigation is still on-going to ascertain the cause of their death.
