A trailer yesterday crushed to death a 10 year old boy on his way to Islamiyya School in Kano. The boy, Abba Aliyu of Ja'en quarters in Gwale local government area of the state was crushed down while trying to cross the street. An eye witness, Ahmad Maikanti told *Daily Trust* that "We were sitting by the road side when suddenly we heard a loud noise that attracted our attention. When we ran to the scene, we found a boy stuck under the truck, with his head crushed." On his part, Abba's father, Malam Aliyu Ja'en said he has left everything to God, praying for the repose of his soul. He also urged government to ensure that peoples' lives are safeguarded through good road usage.
