A gateman in Sabon Gari area of Lafia, capital of Nasarawa State, was found dead at the weekend.

Husseini Egga, 35, was found with a hole in his back, Daily Trust gathered.

Dr. Geoffrey Obele, employer of the deceased, told newsmen that Egga was believed to have been killed while on his way to his duty post. He said N10,000, believed to be the salary he had just collected was found in his pockets.

"We also think that the young man may have been shot with a gun in the back, because there was a deep hole on the back. His killers towed his motor bike to his duty post where they dumped the body," he said.

The state police command spokesman, DSP Garba Mallam confirmed the incident, saying the police were on the trail of the suspects.
