# Cop killer's corpse found in Bauchi

From Ahmed Mohammed,  
Bauchi

Police in Bauchi say they have found the body of one of those who attacked a police patrol team and killed four policemen last Thursday. Police spokesman DSP Haruna Mohammed said in a statement yesterday: "Following intensive cordon and search operation embarked upon by the state command after the attack on our patrol team on Thursday, the command has recovered the corpse of one of the attackers in an uncompleted building riddled with bullets".

DSP Haruna added that effort is being intensified to apprehend the remaining suspects. Last Thursday a police patrol team attached to Township Division was ambushed by gunmen, resulting in the death of four. The attackers escaped with bullet wounds and abandoned one AK 47 rifle, live ammunition and one magazine.
