GUNMEN killed one person and injured another (a woman) yesterday in the commercial city of Onitsha Anambra State.

Eye witness told *Weekly Trust* that the gunmen who rode on a motorcycle trailed the victims who were inside the Keke Napep to Upper New market road and opened fire on them.

Witness said the gunmen sped off on their motorcycle without taking away anything from their victims.

"We were even surprised because they just shot the man who was at the back seat of Keke Napep and sped off without collecting anything from them maybe because policemen from Central Police Station were coming after them, but the only thing I knew was that the other man that died was shot at a very close range" the source said.

However, the Divisional Police Officer, DPO, Central Police station, CPS, Onitsha, Mr. Tope Fasugba led a team of policemen to the scene.

Fasugba said the motive for the killing was not yet known, adding that his men are on the trail of fleeing gunmen.
