Two persons were confirmed dead while five others were seriously injured on Sunday when a building reportedly collapsed at Tunga Maje community in Gwagwalada Area Council of FCT.

A witness account said the victims, all masons, were working on the building that fateful afternoon when part of the building collapsed on them.

He said two of them died few minutes later and were taken to Kubwa General Hospital, while the other five sustained various degrees of injuries and were rushed to a hospital in Jabi.

Similarly, a middle-aged woman slumped and died yesterday in her house at Kubwa. City News learnt that the deceased, who had been hypertensive, slumped and died after praying with her family.

The source said she was quickly rushed to Kubwa General Hospital, where she was confirmed dead.

When contacted, the Head, Accident and Emergency Unit of the hospital, Paul Olise, said the corpses of the deceased persons were brought to the hospital and deposited at the hospital's morgue.
