Two persons died at the weekend in a ghastly motor accident along Kubwa-Zuba expressway.

A witness said the accident which occurred at Dei-dei junction around 7:05am, involved a Julius Berger truck and a Mecedez sharon car.

• He said the articulated truck was trying to overtake the vehicle which was dangerously parked and suddenly hit the car, killing two of its occupants on the spot.

According to the witness, the body of the deceased were carried away by the men of the Federal Road Safety Corps (FRSC), who arrived the scene almost immediately.

When contacted, the Zuba Unit Commander of the FRSC, Akpotobo Paulinus, confirmed the incident, adding that six persons were involved, with two deaths recorded, while four survived the crash.

He, however, said the corpses have been deposited at the morgue of Kubwa General Hospital by his team after being certified dead by the doctor.
