Chief of Staff to the Gombe State Government, Alhaji Ahmed Yayari, has said that the Kalare group has resurfaced in Gombe, with the killing of two people close to the residence of Kwami Local Government chairman.

Yayari, who said this during the inauguration of 11 committees of Gombe Unity and Development Forum yesterday, added: "Three days ago, behind the emir's palace close to Ali Jijji's house along Bello Sabon Kudi road, two people were killed by members of the Kalare group. The type of killings that Gombe witnessed in the past have resurfaced at an alarming rate and some people among you want to use that as their means of livelihood".

He said the people of Gombe-central and Gombe-north constituencies are satisfied with what Dankwambo is doing for the state.

"And God willing, nobody from any other party will come out and contest for the governorship of Gombe in 2015. The contest is only for the people of Gombe town and not anybody outside Gombe town", he said.

He maintained that as it is now, nobody from Gombe can do more than what Dankwambo is doing for the state and called on the youths to make sure that what happened at the emir's palace three days ago does not repeat itself.
