Suspected robbers yesterday attacked and killed a Bureau De Change operator (name unknown) in his hotel room in Unguwan Rimi area of Kaduna North and carted away about N3 million.

The robbers, numbering three came in a tricycle, went into the man's room, stabbed him in different parts of his body, and killed him on the spot.

The deceased was a Bureau De Change operator who had been dealing with customers in arranged locations. Often, he met with his customers in hotels in Unguwan Rimi where the incident occurred.

Sunday Trust gathered that the hotel room where the man was murdered was stained with blood.

"The robbers came in a tricycle and went straight to the man's room. They happened to know his activities and have been trailing him. That was how they knew he was in the hotel with some money

and were able to kill him and cart away about N3 million which he was carrying. All the lodgers in the hotel and the staff have been arrested by the Police. They are still in detention. The Police have refused to grant bail to anyone for now," a source said.

Efforts to reach the Kaduna State police spokesman proved abortive. But a source said police were already intensifying investigation in order to arrest the perpetrators.
