

CAMPUS ROUNDUP

Unidentified female body found close to AAU gate

From Kester Swift

A dead body of an unidentified female was found close to the school gate of Ambrose Alli University, Ekpoma.

The body was dumped at the junction of ONE-T-4, close to the school gate of AAU on Monday.

It appeared that the woman was strangled to death and dumped at the sight.

There was no evidence yet to suggest that she was a student of AAU.

There were speculations, however, that the woman was killed by cultists in the town.

Meanwhile, students have called

for government's intervention through the provision of security in the community to stem illegal activities.

Investigation was ongoing by the police to ascertain the identity of the woman and reasons for her death.

Swift is a Business Administration student of AAU
