Ben Atonko

A policeman shot his colleague and a lady before shooting himself yesterday, following a disagreement over who

was the lady's man, witnesses said. The incident rattled the neighbourhood at the Karu CBN Quarters Junction.

A source told *Weekly Trust* that following the disagreement, one of

the police men drew his rifle at his colleague, shot him, shot the lady, then shot himself. The lady was a mobile phone recharge card dealer.

Their corpses have been deposited at the Asokoro District

Hospital in Abuja.

FCT police spokesman, ASP Anjuguri Mamzah, declined to give details of the incident, saying the matter was under investigation.
