Two persons have been confirmed dead following contamination of a well in Giyawa village in Goronyo Local Government area of Sokoto State. Commissioner of Health, Dr. Balarabe Kakale, who confirmed this, said the well had been covered and its water treated with chemicals. He said the two deaths recorded were among cases reported at the dispensary.

Kakale said the state government sent a high-powered medical team, drugs and medicaments to treat those affected and that the situation has been brought under control. He added that said the state government set up isolation camps in the village and Goronyo General Hospital in case of referrals.
