“The police commissioner as well as the Sultan of Sokoto, His Eminence, Muhammad Sa’ad Abubakar III, has since visited the affected local government area, Goronyo.

“The Presidency is consulting with states racked by this tit-for-tat violent attacks with a view to complementing the security measures being put in place by getting the communities to dialogue with one another.

“The results we are getting from Zamfara State where this sort of engagement is on-going at the instance of the local authorities working with the police and other security agencies are very encouraging.

“Other states in the federation where there are similar security challenges are encouraged to emulate Zamfara in the hope that the solution to the problems will be found,” he said.

He said the Buhari administration will continue to encourage dialogue and disarmament of communities and bandits, but will not tolerate any situation where

the spirit of ceasefire is made a mockery of by continued violence against innocent people.
