**Gunmen at Randa village in Sanga Local Government Area of Kaduna State on Sunday killed a soldier and a member of the Civilian Joint Task Force in the area.**

The soldier, a commander of a team of Operation Safe Haven in the area and the JTF member, went to Randa village in response to a tip from a local farmer concerning the presence of the armed men in the village. The chairman of the local government, Mr Charles Danladi, yesterday confirmed the incident.

He said the farmer reported to the security operatives who immediately responded.

He appealed for calm, saying security operatives were on top of the situation.
