The National Youth Service Corps (NYSC) has denied the social media report that corps members posted to Kaduna State were slaughtered on their way to the state.

NYSC Director-General Brigadier General Shuaibu Ibrahim who addressed the Batch B corps members at their swearing in ceremony in Kaduna yesterday cautioned those spreading the fake news to stop.

We know the social media is awash with fake news that all the corps members posted to Kaduna were slaughtered. The people that are involved in such thing should stop it because it's not good for our country", he said.
