

# One dead, others injured as building collapses in Rivers

From Victor Edozie, Port Harcourt

2

One person died while three other persons sustained injuries as a building under construction at Woji axis of Port Harcourt in Rivers State collapsed on Wednesday.

One of the victims who

survived the incident blamed it on the Tuesday torrential rain which he said affected the foundation of the building.

Our reporter could not get the reaction of the State Police Command Public Relation Officer, SP Nnamdi Omoni about the incident as of the time of filling the report.
