A resident of Kabode who spoke with *Daily Trust* on condition of anonymity said the gunmen arrived in the village on bikes around 9:20am and started shooting.

He said they had been witnessing pockets of attacks and threats by the bandits in recent time.

“Last time they sent us a message that we would be exempted from any further attack if we gave them five million naira and we gave them the money as they requested but they defiled and attacked us today,” he said.

Rigasa residents jittery after bomb discovery

Residents of Shanono area of Rigasa community in Igabi Local Government Area of the state are living in fear after the discovery of a bomb.

Our correspondent reports that even though operatives from the Kaduna State Police Command have deactivated the IED, residents were still jittery for fear of the unknown.
