He further said they were suspecting the corpses might be that of kidnappers or their victims.

A police officer at the Kwali division, who preferred anonymity, confirmed to our reporter about the discovery, saying one of the corpses had been deposited at the University of Abuja Teaching Hospital (UATH), Gwagwalada.

He further said, “The second corpse has decomposed completely. We are waiting for the council chairman to give approval to enable the environmental department of the council to bury it at the scene.”
