# Bandits kill medical doctor, abduct family in Zamfara

**From Shehu Umar, Gusau**

Bandits on Monday killed a medical doctor and abducted ten people including members of the slain doctor's family in an attack on Jangebe community of Talata Mafara Local Government Area of Zamfara State.

Residents said the armed

men stormed the community around 1: am and fired shots from several angles.

The Jangebe community has suffered a series of mass abductions.

In Monday's attack, the armed criminals broke the wall of the doctor's house to gain entrance.

They shot him dead as soon

as they forced themselves into the house and took away his family as well as some other residents in the neighborhood.

They also burnt a military vehicle near the victim's residence.

The spokesman of the state police command, ASP Yazid Abubakar, could not be reached for comment.
