**1** Gunmen have killed three people in Tse Achigbe community of Mbadura Council Ward, Turan in Kwande Local Government Area of Benue State.

Residents of the area said the incident happened on Monday as armed invaders who shot and killed the three men prevented the villagers from recovering the corpses for burial.

A resident of the area who preferred anonymity cried out to security operatives for help, saying that they (villagers) had been unable to go and retrieve the corpses of their murdered brothers in the bush.

He said the bodies will already be decomposing in the bush by the riverside as all efforts by the community to pick up the corpses for burial have so far proved abortive since their killers were lurking around to cause harm to anyone who comes near them.

Council chairman of Kwande LGA, Rev. Fr Teryila Mark Hule, confirmed to our correspondent on telephone that the three persons were killed by armed invaders on Monday.

He named them as Ayangealumun Tyongbea, Terkimbir Tyoyue and his son, Terfa Tyoyue.

Spokesperson of Benue Police Command, SP Catherine Anene, had yet to respond to calls and texts put through her telephone for comments

on the incident.
