The police command in Adamawa State is seeking information that will lead to the arrest of persons who killed a Point of Sales (POS) operator, Abbas Yuguda in Mayo-Belwa Local Government Area. The command's spokesman, SP Suleiman Nguroje, disclosed this in a statement on Monday in Yola. Nguroje said the incident occurred on March 22, when the victim was attacked on his way home after work.

According to him, some group of persons, armed with offensive weapons, attacked and inflicted severe injuries on Yuguda's head and left him lying in a pool of his blood.

"The command's operatives immediately rushed the victim to Cottage Hospital, Mayo-Belwa, but he died while receiving treatment," he said.

Nguroje said some aggrieved residents went after one Umar, who they alleged could perpetrate the killing of Yuguda, and mobbed him but was rescued by the police.

He said the suspect was equally rushed to the hospital, adding that the suspect was now aiding police investigation (NAN)
