

Robbers kill three in Lagos

ARMED robbers struck again in different parts of Lagos on Tuesday night, attacking commercial buses and leaving three persons, including a driver, dead.

The robbers boarded buses like other passengers before ordering the drivers and passengers to surrender their money and handsets or risk their lives.

The robberies occurred at Festac, Apapa and on the Third Mainland Bridge.

In one of the incidents, the robbers had collected the bus keys from the driver and ordered him to the back seat, only for them to shoot him.
