

## CITY SCENE

### Cable Vandal Electrocuted

**A** YOUNG man, probably in his late twenties, got himself electrocuted while trying to vandalize a PHCN underground cable in the early hours of last Thursday.

The incidence, which occurred at the Alagomeji Bus Stop intersection of the ever-busy Murtala Mohammed Way.

The cables, which supply power to Yaba and its environs, became badly exposed due to the ongoing reconstruction work on the road being undertaken by the Lagos state government.

As at the time of the report, the dead man is yet to be identified by anyone, but most of those who visited the scene are of the opinion that he was one of the youths of the neighbourhood.

There were also suggestions that he might not have been acting alone, and that his cohorts might have taken to their heels when disaster struck.

Left at the scene were instruments with which he attempted the act, including a saw and other items.
