**A** 21-YEAR-OLD man was on Wednesday allegedly shot to death in Okordia/ Zarama community in old Yenagoa council of Bayelsa State by soldiers attached to the Joint Military Task Force (JTF) code named "Operation Restore Hope."

The incident is generating a lot of tension as the people of the Okordia/Zarama clan have started relocating from the troubled zone for fear of reprisal attack on the soldiers.

Reports of alleged intimidation and beating of members of the community allegedly by the soldiers have however been reported.
