Two feared dead in Lagos auto crash

TWO people were feared dead and seven others seriously injured yesterday about 3.45 p.m. when a mini-bus coming from Apapa en-route Oshodi crashed into a concrete at Toyota Bus Stop.

The bus with registration number XE 438NND, according to an eyewitness, was on high speed when it ran into the concrete that had been there for long, probably left behind by the firm that constructed the express road.

Such was the speed that the concrete that would have ordinarily taken a caterpillar some efforts to move was dragged to a distance by the vehicle.

Sympathisers, including policemen immediately rallied round the bus for rescue operation. They evacuated the victims of the accident to a hospital.

Mini buses are noted for high speed on the road as if they are on a very long distant journey. This calls for immediate caution by the appropriate authority to save lives.
