

Four-year-old Raped To Death

IMO

From **Charles Ogugbuaja**, Owerri

POLICEMEN in Imo State have arrested a 30-year-old man, for raping a four-year-old boy to death.

Parading the suspect at police headquarters in Owerri at the weekend, the Commissioner, Muhammad Musa Katsina, said he set up an "ambush squad" that arrested the suspect who has made confessional statements that would aid further investigations.

Katsina said his men also shot a notorious kidnapper in the state, Matthew Alaribe from Ngor Opkala, who made confessions before his death and apprehended two persons who had abducted a 75-year-old man.

The Police chief, who has just been posted to the state, promised to make life unbearable for criminals.
