

## NAF Fighter Jets Destroy Insurgents' Hideout, Neutralise Terrorists In Borno

From Kurayyo Umoh, Abuja

IN continuation of its sustained efforts to wipe out remnants of Boko Haram terrorists in the northeast, the

Air Task Force (ATF) of Operation Lafiya Dole has destroyed a Boko Haram hideout and killed some fighters at Alafa on the fringes of the Sambisa Forest

In Borno State.

A statement yesterday by NAF spokesman, Commodore Ibikunle Daramola, said the air strike was conducted yesterday fol-

lowing Intelligence and Surveillance and Reconnaissance (ISR) missions that revealed the presence of the terrorists, along with their logistics supplies

and equipment, in a group of structures within the settlement.

"Accordingly, the ATF dispatched two Alpha Jets to attack the location, scoring

accurate hits in the target area, which led to the destruction of some of the structures and equipment, as well as the killing of several terrorists."
