TROOPS from the 6 Division of the Nigerian Army have neutralised two armed vandals and recovered two AK-47 rifles, eight magazines and 69 rounds of 7.62 mm (Special) ammunition in the Niger Delta Region.

The operation, which was carried out following credible intelligence on a crimi-

nal attempt to vandalize the Nigerian Agip Oil Company (NAOC) pipeline traversing Upatabo Community in Ahoada West Local Council, resulted in a fierce gun duel between the troops and the vandals.

According to Acting Deputy Director of 6 Division Army Public Relations, Lieutenant Colonel Jonah Danjuma, the troops swiftly mobilised to the scene upon receiving the intelligence report.
