Gunmen operating on a motorcycle, at Oba Akran Road, Ikeja, on Saturday shot and killed a customer of one of the new generation banks (name withheld) after snatching the victim's N20, 000 cash.

A witness to the bloody incident and security official at the bank, Mr. Frank Akah said in an interview with *Daily Independent* that the victim one Bimbo Fasina was killed by two persons operating on a motorcycle after they collected some money from her.

He maintained that, the victim had come to make some withdrawal from her account using the Automated Teller Machine (ATM) card. "As she was withdrawing the money, two other persons were waiting for their turn. But there were these two fellows on *Okada* on the other side of the road just trying to adjust something on their motorcycle, I don't know exactly what they were doing."

Akah said that it was when the lady was coming out of the ATM post that one of the persons near motorcycle suddenly crossed the road and walked toward her direction.
