Two members of Action Congress (AC), Osun State chapter lost their lives on Tuesday in an auto crash that occurred at Ogere along Lagos-Ibadan expressway.

Sources told *Daily Independent* that the accident occurred while the party members were heading to Lagos on a solidarity visit to the party's gubernatorial candidate in the last general elections in the state, Rauf Aregbesola.

The corpses, the sources added, have been deposited at Sagamu General Hospital in Ogun State where those injured are also receiving treatment.

It was further learnt that they left Osun State in three buses early on Tuesday, but one of the buses conveying members from Obokun Local Government Area of the state had an accident at Ogere.

The party's Director of Research and Strategy, Sunday Akere, confirmed the incident, saying that one of the buses in which the members of the party were travelling had an accident and two persons died.

"It was true that one of the three buses occupied by our members, who are going on solidarity visit to Lagos was involved in an accident at Ogere and two people died," he said.

He said the party commiserated with the families of the dead members while wishing those injured quick recovery.
