One passenger was feared killed on Monday when persons suspected to be armed robbers tried rob a commercial bus at Ajegunle Bus Stop along the Lagos-Abeokuta Expressway.

The incident, according to an eyewitness, happened at about 6.35 a.m.

The witness, a member of the Federal Highway patrol team, who simply gave his name as Ekong Ekong, stated that both the robbers' gunshot and a busted tyre of the vehicle drew their attention to the incident.

The target commercial bus was Abeokuta bound.

He said policemen were unable to locate the criminals' vehicle because they sped off in the confusion.

The commercial bus reportedly plunged into a gully as the driver lost control of the loaded Toyota bus.

The police said identity of the deceased victim could not be established as she had no means of identification on her.
