---

**AMUKPE-based** notorious gangster and terrorist, Mr. Famous Ikpen Okumah, alias "General" has been gunned down by a crack team of Arhagba Vigilante in Okpe Local Government Area.

Sources at Orerokpe Police and Arhagba Vigilante disclosed that the suspect was gunned down at Arhagba while trying to kidnap Sapele-based Okpe chief, who had gone home to cast his vote in the Delta State governorship re-run election.

It was gathered that the suspected underworld kingpin had been the brain behind major robbery and kidnappings along Eku-Sapele road.

He was even fingered as the major suspect in the kidnap of Mrs. Mary Diden, wife of the immediate past Chairman of Warri North Local Government Area last year.
