

Robbers kill four Vigilante members in Ogun

By Segun Adeleye
Reporter Abeokuta

ARMED robbers at the weekend shot dead four members of the Ogun State Vigilance Service for daring to foil their operations at a petrol station in the state.

Investigation revealed that the incident occurred at Guinea Gold Petrol Station at Onihale village in Ifo Local Government Area, located along Abeokuta-Lagos road.

The robbers were reported to have arrived the fuel station at about 8.30pm after parking their vehicle at some few metres to the targeted fuel station.

Members of the vigilance service had laid siege for the armed robbers, but ironically, an insider within the petrol station was said to have made discrete telephone calls informing the robbers about the presence of the vigilance members.
